Staff news

Ludvig Landgren will assist in the library

Regular seminar schedules

Astronomy – <http://www.astro.lu.se/Seminars/>

THEP – <http://particle.thep.lu.se/Seminars/>

CBBP – http://cbbp.thep.lu.se/~carl/internal/group_meetings.html

Additional talks and seminars

- | | |
|----|--|
| 2 | ATP talk by Hugo Serodio (15.15, Lundmarksalen) |
| 30 | ATP talk by Johan Nilsson (15.15, Lundmarksalen) |
| 25 | Astronomy seminar by Sean Raymond (10.30, Lundmarksalen) |

Visitors

- | | |
|-----|--|
| 1-4 | Richard Parker and Rhana Nicholson visit from Liverpool John Moores University, UK |
|-----|--|

Important dates and events

- | | |
|-----|--|
| 8-9 | Inspirationsdagarna 2016: In the astronomy foyer and Lundmarkssalen there will be information and lectures for gymnasium students from Southern Sweden |
| 9 | Copenhagen-Lund Disk Meeting in Lund |
| 9 | Department meeting (15.15-16.30, Lundmarksalen) |
| 11 | Handledarkollegium (13.00, Charlier) |
| 14 | INTEGRATE ASG meeting at the Pufendorf Institute |
| 23 | Department board meeting (13.15-15.00, Charlier) |
| 24 | Daniel Carrera PhD defence (9.00-12.00, Lundmarksalen) |

Absences, trips and other travel

1-4	Nils Ryde visits Uppsala observatory to work with Kjell Eriksson and Bengt Edvardsson
2-4	Lennart Lindegren attends the Gaia DR1 workshop at ESAC, Madrid, Spain
6-9	Johan Bijmens attends the Symposium on 'Advances in Effective Field Theories' in Jülich, Germany, and gives a talk
7	Sofia Feltzing and Thomas Bensby attend a 4MOST meeting in Garching, Germany
8	Ross Church visits Stockholm Observatory as the opponent for the Licentiate defence of Christoffer Fremling
8-10	Melvyn B. Davies visits Tübingen, Germany and gives the Physics Colloquium
9	Sofia Feltzing attends Class II and ordinary meeting at KVA
14-18	Karl W. Jansson and Anders Johansen attend 'Comets: A new vision after Rosetta/Philae' conference in Toulouse, France
16-18	Louise Howes visits the University of Hertfordshire, UK to give a seminar
16-18	Anders Johansen attends conference 'Comets: A new vision after Rosetta/Philae' in Toulouse, France
18-26	Thomas Bensby attends 'Understanding the origins of the Galaxy and its stellar content' conference in Canberra, Australia
21-22	Torbjörn Sjöstrand participates in FCC-ee physics workshop at CERN
21-30	Asli Pehlivan visits Imperial College in London, UK to carry out experiments
22-24	Leif Lönnblad attends MCnet meeting at CERN
23-25	Torbjörn Sjöstrand participates in MCnet network meeting at CERN
26-4/12	Bertram Bitsch visits Tokio Tech to work with Ramon Brasser and Shigeru Ida, and gives a seminar talk
26-10/12	Johan Bijmens visits J-Parc and KEK in Japan and attends workshops on 'Towards high precision muon $g-2$ /EDM measurement at J-PARC' and 'The international workshop on future potential of high intensity accelerators for particle and nuclear physics (HINT2016)' and presents talks at both
28-2/12	Sofia Feltzing attends WEAVE meeting in Leiden
29-1/12	Melvyn B. Davies visits the Nicolaus Copernicus Astronomical Center, Warsaw, Poland, and gives a colloquium

Editors: Malin Sjödhahl (malin.sjodahl@thep.lu.se) and Ross Church (ross@astro.lu.se).

Deadline: 17.00 on the last day of the previous month.
